RFR

Influence Starts Here

Within a diversified portfolio that includes hotel, residential, restaurant, retail, and commercial properties, RFR consistently delivers an elevated experience.

It begins with understanding and anticipating your needs. It extends to flawless execution in attentive service and support. Finally, it's realized in long-term tenants who feel our attention each and every day.

Founded in 1991 by Aby Rosen and Michael Fuchs, RFR has built a monumental world-class portfolio.

We own over 11 million square feet in the United States and 10 million square feet in Germany within the hotel, residential, retail, and office management space. Our core markets in the United States include New York, Stamford, Seattle, San Francisco, and Miami.

A unique combination of European finesse and American ingenuity, RFR leads the real estate industry in operating, developing, leasing, and managing world-class properties.

We uphold values of health, respect, and diversity.
